Dear Ministry Partners, August 2019

Wow!! Summer camp ministry 2019 is completed. We now seek the Lord in prayer that the children will plug into local churches and Good News Clubs in their home areas. We are thankful for local Pastors and church members who promote camp and work hard to get children to attend. As we got to interact with unchurched campers and hear a little of their life stories, we heard over and over again that the major Christian influence in their lives was their grandmother. "My Grammie takes me to church sometimes", "my grammie sent me to camp", "my grammie teaches me about God".... these were the overwhelming sentiments from campers this summer. Praise God for godly grandmothers!

Look for our fall newsletter for all the details and updates on Summer ministry. God did a good work. He raised up campers, staff, head cooks, nurses, and Pastors..... who are indeed thankful.

As prayer partners and financial supporters, we thank God for you all too. We know this work requires God's blessing or we labor in vain. Thank you for your partnership.
