

Dear Ministry Partner:

January—February, 2020

Winter greetings to you all! We are well into our winter schedule of Arctic Blast ministry as well as rental retreats. We had to cancel our first weekend of Arctic Blast because of weather, but were able to fit everyone into our remaining two weekends of Blueberry Mountain ministry. On January 17, 18, and 19 we held our Teen Arctic Blast with the addition of the 11 and 12 year olds that had their weekend cancelled. The first weekend in March, we will add the 10 and 11 year olds to our grade school weekend.—which makes us full to the brim with campers and staff!! In addition to Arctic Blasts, we will host, serve meals, and run the sledding hill and skating rink for 6 rental retreats of church youth groups and end the retreat season with a Young Adults rental retreat and a Pastors retreat., making for 10 weekends of ministry this season!

We are so thankful for the addition of the new truck to the Mountain. Old Blue has been removed from camper transport and put into semi-retirement as a plow truck and fire wood transport. The “new to us” white dodge is doing a superb job of getting campers and retreaters up and down the mountain and will in the near future sport a new “V” plow as well. Thank you to everyone who has made this possible through financial giving and prayer. We were given a superb deal on the truck by a Christian friend who desired to see the truck used for ministry. God is so good. It is amazing to see how He works in the hearts and lives of people who desire to see that kids and teens get to come to camp to hear the good news and grow in their faith.

And thank you, our ministry partners for your faithfulness in prayer and financial giving that allows us to continue to

*“Go Tell It On
Blueberry Mountain”*
