

Dear Ministry Partners,

June & July 2020

We have been busy at camp these last 2 months and we are almost done the remodel on the staff apartments. A few walls, sheetrock, and some paint and we will be finished!

As for ministry, we were able to host the College Bound Intern group from *Camp Good News*® this past week. They were able to help us with lots of organizing around the lodge that we typically don't get to do because of lack of time. Tons of cleaning, painting, organizing, and garden work!

Our living room and Lilli's room are spectacular! So much room for her to play!

It was also a blessing to help them with their Virtual Camp Video project as well. Justin and I were able to play and sing in their song time video as well as judge a few competitions in their teen camp videos. We were so blessed to have them and hope to work with them again.

Our own Intern Katherine Farrar, has moved into the other staff apartment and started to design activity packs to send to our campers. Pray with us that our campers who are stuck at home will be blessed by the literature that we send them.

Here is Daniel, one of the CGN Interns painting the Gaga pit.

Pray with us as we continue to "tell it on the mountain!"

~Justin, Eliza, Lilli & Katherine

Lilli loves having Katherine around to play with. They are the best of buddies!
