

Dear Ministry Partners,

March-April 2020

This has been an interesting and challenging March on the mountain but we are still rejoicing for all that has happened!

We finished out our retreat season with 9 full weekends. 302 students and youth leaders came up the driveway in our new truck and spent time delving into the Word of God. We were blessed that most groups were able to sled and skate while here as well. They enjoyed their time with us and have already signed up for their 2021 slots!

Our own programming was a blessing to host. 61 campers total with 40 staff members is amazing! The Lord is really doing a good work in the children's lives as well as the volunteer staff. We have seen our volunteer staff base continue to grow and we hope to keep seeing men and women burdened to minister to the children of Maine with us.

It was also an emotional winter as it was our last to serve with Scott and Tina Farrington. They have been an integral part of this ministry for 6 years and we are saddened to see them leave. We will continue to see them both in volunteer capacities, but we will miss what they have brought to the ministry and our lives.

We continue to thank the Lord for YOU, our ministry partners. Together, Lord willing, we will ***Tell It On The Mountain*** again this summer!
