

Dear Ministry Partners, May 2019

The snow is finally gone! And we continue to look forward to warmer weather and sunny days to get the camp in ship shape for summer camp. We will host our 5th Memorial Work Weekend at the end of the month that will be a huge blessing in helping us clean, repair, garden, harvest firewood and reset from winter ministry over to summer. If you are nearby, plan to stop in and say hello and enjoy a meal with us.

We continue to see the Lord's hand of blessing at work. We are thankful for His provision of safety and a full program this past winter.

Pray with us as we again ask the Lord to fill us to overflowing with campers and volunteer staff this summer—**150** campers is our total capacity for campers and so **150** is our prayer.

We are also gearing up for CYIA in June in which we will have our own group of 7 students representing Blueberry Mountain at the training school.

We continue to thank the Lord for YOU! Our ministry partners, together we will **"Tell It On The Mountain"** again this summer!!
