

Dear Ministry Partners,

May 2020

Like maybe some of you, we have been stuck at home doing some pretty extensive home repair! Since most of our summer programs have been put on hold until the state can give us camp guidelines, we have been using our quarantine time wisely.

We will be swapping to the other apartment but first we decided the best time to do a few repairs and updates is while it's empty. Demo, insulation, paint, and flooring, oh my! We are hoping to be finished and moved into the space before the middle of June (though that will be challenging with a 9 month old).

Pray with us as we determine whether to have our summer camps. There are so many details that go into the planning and being so up in the air makes it difficult to actually plan. We are hoping that if we don't get to open for the summer, maybe we will be able to have Autumn weekend camps.

We thank you for being such a faithful ministry partner. To be backed by your mighty prayers and financial support (especially during this trying time) means so much to us!

We will continue to "tell it on the mountain!"

~Justin, Eliza, & Lilliana Bean

The insulation had seen better days in the forest view room! Once the insulation is re-hung, and new sheetrock hung, it should be warmer.

All of the countertops had started to lift so we invested our stimulus money to purchase new countertops.

A little paint and voila! Our finished bathroom!
